

# CLIENT ESCALATION MATRIX

[www.fiftyfivetech.io](http://www.fiftyfivetech.io)

Employee Handbook 2026

FiftyFive Technologies Pvt. Ltd.

## **Client Escalation Matrix**

### **Document Release Notice**

This FiftyFive Technologies Policy on client escalation matrix is released for use in FiftyFive Technologies Pvt Limited with effect from 01 January 2026.

This document is subject to FiftyFive Technologies Pvt Limited Procedure and subject to change any time as per the company policy.

Approved By: Jyothi Sharma (CEO-FiftyFive Technologies Pvt. Limited)

Approved By: Sanchi Saxena (Head HR FiftyFive Technologies Pvt Limited)

## 1. Purpose

The Client Escalation Matrix is designed to provide a structured approach for escalating client issues based on their severity and impact. It ensures timely resolution and appropriate involvement of relevant stakeholders.

## 2. Scope

This matrix applies to all client-related issues and incidents requiring escalation within the organization. It covers the escalation process from initial contact to resolution, including the roles and responsibilities of each escalation level.

## 3. Escalation Levels

| Escalation Level           | Criteria                                                                | Actions                                                                                                                                                                                                                                        | Response Time          | Contact Points                               |
|----------------------------|-------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|----------------------------------------------|
| Level 1: Frontline Support | Routine issues or requests with standard procedures                     | <ul style="list-style-type: none"> <li>- Address issue according to standard procedures.</li> <li>- Document issue and resolution.</li> </ul>                                                                                                  | Within 24 hours        | Client Manager / IT Team (as applicable)     |
| Level 2: Supervisory       | Issues not resolved at Level 1 or requiring higher authority            | <ul style="list-style-type: none"> <li>- Escalate to supervisor.</li> <li>- Review issue and take appropriate action.</li> <li>- Communicate progress to client.</li> </ul>                                                                    | Within 48 hours        | Project Manager                              |
| Level 3: Managerial        | Critical issues affecting multiple clients or high-impact issues        | <ul style="list-style-type: none"> <li>- Escalate to manager.</li> <li>- Develop and implement action plan.</li> <li>- Provide regular updates to client and internal teams.</li> </ul>                                                        | Within 72 hours        | HR Team / Finance Team (based on issue type) |
| Level 4: Executive         | Severe issues with significant impact or where other levels have failed | <ul style="list-style-type: none"> <li>- Escalate to executive.</li> <li>- Oversee resolution strategy.</li> <li>- Ensure client satisfaction and final resolution.</li> <li>- Communicate final resolution and corrective actions.</li> </ul> | Within 5 business days | Leadership / Management                      |
